BESTBET SCRAMBLE

FESTIVAL:
OCT 30 - NOV 18, 2025

CHAMPIONSHIP:
NOV 14 - NOV 18, 2025

ACTION CLOCK RULES 2025

1. Dealers will initiate the start of the Tournament Action Clock upon the completion of the deal. Time will begin for a player once the natural flow of play has come to a brief pause pending their action and be reset to the corresponding time for the next player to act.
2. Prior to the tournament being "in the money", players will have fifteen (15) seconds on their Action Clock preflop.
3. At the start of day 3, players will have 20 seconds on their action clock pre-flop.
4. Once the tournament has reached the final table, players will have thirty (30) seconds on their Action Clock preflop.
5. Once a player has voluntarily placed chips into the pot, the Tournament Action Clock will increase to thirty (30) seconds for each subsequent action of that player until the hand has concluded. Any unused voluntarily placed chips into the pot will be forfeited.
6. The small and big blind are forced bets and are not considered voluntary.
7. When a bet or raise has been made, the dealer will count and announce the bet or raise (including All In bets) prior to starting the Action Clock for the next player.
8. To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips, when available.
9. When breaking a table, a player must keep their time extensions and tournament chips in plain view while traveling to their new seat
10. Each time extension will add an additional thirty (30) seconds to act.
11. Players will receive time extension chips at predetermined stages (set level or remaining number of players) as outlined on the structure sheet.
12. Players are required to keep all time extension chips visible and on the table at all times.
13. Players will automatically lose one (1) time extension each time the Action Clock reaches zero (0), and will be instructed by the dealer to turn in the corresponding amount of time extensions used at the completion of their action. Players are not responsible for placing a time extension chip into the pot in real time.
14. In the event that a player does not have any time extensions remaining and the Action Clock reached zero (0), the player's hand will be declared dead (or the player will be forced to check if facing no action).
15. Once implemented, the Tournament Action Clock will be used until the completion of the event and will not be suspended.
16. At the conclusion of play each day, any unused time extension chips will be placed in the players' tournament chip bag and will carry over to the next tournament day. Time extensions are to be treated with the same level of importance as tournament chips, and removal of time extensions may be subject to penalty up to and including disqualification.
17. See individual event rules for additional details.
