Each player who advances to Day 2 will be designated as a "Mystery" Bounty.

All Tournament and Bounty prizes are included in the Tournament guaranteed prize pool of $500,000 (the "Guarantee"). In the event that the number of paid entries does not generate at least the Guaranteed prize pool, after the deduction of the Tournament fees and service charge, $325,000 of the Guarantee will be designated for the Tournament prize pool and $175,000 of the Guarantee will be designated for the Bounty prize pool.

In the event that multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the eliminated Bounty prior to the start of the hand will equally split the corresponding Bounty prize.

On Day 2, a player eliminating a Bounty will receive a voucher for a "Mystery" Bounty prize. "Mystery" Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the "Mystery Bounty" drawing drum to reveal their "Mystery" Bounty prize.

Once received, Mystery Bounty prize vouchers are the sole responsibility of the player. Lost or stolen Mystery Bounty prize vouchers will not be replaced.

"Mystery" Bounty prize amounts will be determined based on actual Tournament Entry Fees received and displayed in the Tournament area prior to the beginning of the Tournament restart on Day 2.

"Mystery" Bounty prizes will range in value from $1,000 to $100,000 and may include the following prizes:

Sample Prize Values for the "Mystery Bounty" Prizes

$100,000 $50,000 $25,000 $10,000 $5,000 $2,500 $1,000

The Mystery Bounty Prize Values and number of prizes are based on a minimum total Tournament Prize pool of $500,000 and is subject to change based upon the actual number of participants.

The "Mystery" Bounty prize pool and prize amounts may not be altered.

All Tournament and "Mystery" Bounty prizes will be paid in Wynn Las Vegas live casino chips.

"Mystery" Bounty prizes may be redeemed at the designated redemption area anytime during play on December 7, 2026, up until the Tournament has concluded. All eliminated players must redeem any earned "Mystery" bounty prizes prior to collecting their tournament payout.

"Mystery" Bounty prizes that have not been claimed by "Mystery" Bounty winners within the allotted timeframe will be drawn for in alphabetical order by last name, by Tournament staff, and held on account at the Encore at Wynn Las Vegas casino cage for thirty (30) days following the conclusion of the Tournament. If a "Mystery" Bounty prize is not claimed after thirty (30) days, the unclaimed "Mystery" Bounty prize will be forfeited and not awarded to an alternate winner.

In the event that one or more of the "bonus" envelopes have not been drawn at the conclusion of Day 2, all remaining bonus "Mystery" Bounty prize envelopes will be awarded to the player who is declared the winner of the Tournament.

In the event that the number of envelopes at the conclusion of the Tournament is incorrect, every effort will be made to determine which prize(s) is outstanding based on the prize list published at the beginning of play on December 7, 2026.

When a player is eliminated from the Tournament, the winner(s) of that hand will be awarded one (1) Bounty chip of each eliminated player(s).

Bounty chips are only to be used for purposes of the Bounty prize pool in this Tournament and will only be exchanged for a live poker chip as outlined below. Bounty chips have no cash value and cannot otherwise be exchanged or substituted. Each Bounty chip is assigned a value of $1,000.

In the event multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the Bounty prior to the start of the hand will receive an equally split portion of the Bounty chip(s) of the eliminated player(s).

Removal of Bounty chips from the table or any attempt to manipulate or circumvent the Bounty chip exchange may result in penalty, up to and including disqualification.

This Tournament must play until a winner is declared. Any adjustment to the posted prize pool requires approval of the tournament staff. Based on the remaining prize pool, tournament staff may dictate a minimum amount withheld which will be designated to the first-place winner, in such a manner that, regardless of the agreed upon adjustments made to the prize pool, the first-place winner will be awarded the largest cash prize.

MYSTERY BOUNTY RULES:
The Tournament will reward participants for eliminating another player (the "Bounty"). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

Each player who advances to Day 3 will be designated as a "Mystery" Bounty.

All Tournament and Bounty prizes are included in the Tournament guaranteed prize pool of $3,000,000 (the "Guarantee"). In the event that the number of paid entries does not generate at least the Guaranteed prize pool, after the deduction of the Tournament fees and service charge, $1,800,000 of the Guarantee will be designated for the Tournament prize pool and $1,200,000 of the Guarantee will be designated for the Bounty prize pool.

In the event that multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the eliminated Bounty prior to the start of the hand will equally split the corresponding Bounty prize.

On Day 3, a player eliminating a Bounty will receive a voucher for a "Mystery" Bounty prize. "Mystery" Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the "Mystery Bounty" drawing drum to reveal their "Mystery" Bounty prize.

Once received, Mystery Bounty prize vouchers are the sole responsibility of the player. Lost or stolen Mystery Bounty prize vouchers will not be replaced.

"Mystery" Bounty prize amounts will be based on $1,200,000 and displayed in the Tournament area prior to the beginning of the Tournament restart on Day 3.

"Mystery" Bounty prizes will range in value from $1,000 to $100,000 and may include the following prizes:

Sample Prize Values for the "Mystery Bounty" Prizes

$100,000	$50,000	$25,000	$100,000
$50,000	$25,000	$25,000	$10,000
Gold Briefcase	$5,000	$2,500	$1,000

The Mystery Bounty Prize Values and number of prizes are based on a minimum total Tournament Prize pool of $3,000,000 and is subject to change based upon the actual number of participants.

The "Mystery" Bounty prize pool and prize amounts may not be altered.

Gold Briefcase: Forty (40) of the mystery bounty envelopes will contain a gold briefcase. Winners of a gold briefcase will draw from a secondary drawing drum. The envelope that the player draws from the secondary drawing drum will award them the Gold Briefcase of the corresponding number. When the gold case is opened, the player will receive the prize revealed. All players who earn a Gold Briefcase will be required to draw their case at the conclusion of the dinner break. No player will be allowed to select their briefcase prior to this time. Players will draw their Gold Briefcase in the order in which they were won. When play resumes after the dinner break, any earned Gold Briefcases must be redeemed immediately.

All Tournament and "Mystery" Bounty prizes will be paid in Wynn Las Vegas live casino chips.

"Mystery" Bounty prizes may be redeemed at the designated redemption area anytime during play on December 13 or 14, 2026, up until the Tournament has concluded. All eliminated players must redeem any earned "Mystery" bounty prizes prior to collecting their tournament payout.

"Mystery" Bounty prizes that have not been claimed by "Mystery" Bounty winners within the allotted timeframe will be drawn for in alphabetical order by last name, by Tournament staff, and held on account at the Encore at Wynn Las Vegas casino cage for thirty (30) days following the conclusion of the Tournament. If a "Mystery" Bounty prize is not claimed after thirty (30) days, the unclaimed "Mystery" Bounty prize will be forfeited and not awarded to an alternate winner.

In the event that the number of envelopes at the conclusion of the Tournament is incorrect, every effort will be made to determine which prize(s) is outstanding based on the prize list published at the beginning of play on December 13, 2026.

ACTION CLOCK:
The Action Clock will be put into play on each Day 1, at the conclusion of level 14 or at the tournament directors' discretion. Each player will receive three (3) time extensions when the Action Clock is put into play. Each player will receive three (3) additional time extension chips at the start of Day 2. Each player will receive three (3) additional time extension chips at the start of Day 3. Each player will receive three (3) additional time extension chips when twenty-four (24) players remain. Each player will receive three (3) additional time extension chips when nine (9) players remain. See Action Clock rules for details.

"Mystery Payout" prizes that have not been claimed by "Mystery Payout" winners within the allotted timeframe will be drawn for by Tournament staff and held on account at the Encore at Wynn Las Vegas casino cage for thirty (30) days following the conclusion of the Tournament. If a "Mystery Payout" prize is not claimed after thirty (30) days, the unclaimed "Mystery Payout" prize will be forfeited and not awarded to an alternate winner.

BREAKS:

PROGRESSIVE BOUNTY RULES

The Tournament will reward participants for eliminating another player (the "Bounty"). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

Players are responsible for keeping their own Bounty chips visible and on the table at all times during their Tournament play. A player who misplaces or loses their assigned Bounty chips will be required to replace them at their own expense. Failure to follow this rule may result in penalty, up to and including disqualification and forfeiture of Tournament and Bounty chips.

When a player is eliminated from the Tournament, the winner(s) of that hand will be awarded all Bounty chips in possession of that eliminated player(s).

Bounty chips of multiple eliminated players will be combined prior to being divided among the winner(s).

Bounty chips are only to be used for purposes of the Bounty prize pool in this Tournament and will only be exchanged for a live poker chip as outlined below. Bounty chips have no cash value and cannot otherwise be exchanged or substituted. Each Bounty chip is assigned a value of $250.

If a single winner eliminates a player(s), the Bounty chips from the eliminated player(s) will be divided in half by the dealer and one-half (1/2) of these Bounty chips will be exchanged, one-for-one, for a live casino chip valued at $250. The remaining half of the Bounty chips from the eliminated player will be added to the winning player's Bounty chip stack. If a player is eliminated with an odd number of Bounty chips, the "odd" Bounty chip will be added to the winning player's stack of Bounty chips.

In the event multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the Bounty prior to the start of the hand will receive an equally split portion of the Bounty chips of the eliminated player(s) prior to the dealer splitting and exchanging the Bounty chips as outlined above for each individual winner.

If there are insufficient Bounty chips to supply each winner with an even amount, the "odd" Bounty chip(s) will be awarded beginning with the player in the worst position (the first player left of the dealer button). If there are insufficient Bounty chips to supply each winner with a single Bounty chip, the Bounty chips will be awarded, one at a time, beginning with the player in the worst position (the player who acted first during the play of the hand).

Bounty chips will only be redeemed for live casino chips at the table by a Tournament supervisor immediately after the Bounty is earned. Bounty chips will not be permitted to be redeemed at any other time.

Removal of Bounty chips from the table or any attempt to manipulate or circumvent the Bounty chip exchange may result in penalty, up to and including disqualification.

PAYOUTS:
Each Day 1 will play until 12.5% or less of the field remains. At the beginning of Day 2, the Tournament clock will resume at the earliest finishing time at which play ended on Day 1.

Only players who advance to Day 2 will be considered "in the money". The Tournament prize pool will be calculated at the conclusion of Day 1 and will be based on the number of players who advance to Day 2.

Action Clock:
The Action Clock will be put into play on each Day 1, at the conclusion of level 15 or at the tournament directors' discretion. Each player will receive three (3) time extensions when the Action Clock is put into play. Each player will receive three (3) additional time extension chips on the first scheduled break of Day 2. Each player will receive three (3) additional time extension chips when twenty-seven (27) players remain. The tournament action clock will be suspended when the event has reached the final table. See Action Clock rules for details.

Mystery Bounty Rules:
The Tournament will reward participants for eliminating another player (the "Bounty"). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

Each player who advances to Day 2 will be designated as a "Mystery" Bounty.

All Tournament and Bounty prizes are included in the Tournament guaranteed prize pool of $1,000,000 (the "Guarantee"). In the event that the number of paid entries does not generate at least the Guaranteed prize pool, after the deduction of the Tournament fees and service charge, $650,000 of the Guarantee will be designated for the Tournament prize pool and $350,000 of the Guarantee will be designated for the Bounty prize pool.

In the event that multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the eliminated Bounty prior to the start of the hand will equally split the corresponding Bounty prize.

On Day 2, a player eliminating a Bounty will receive a voucher for a "Mystery" Bounty prize. "Mystery" Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the "Mystery Bounty" drawing drum to reveal their "Mystery" Bounty prize.

Once received, Mystery Bounty prize vouchers are the sole responsibility of the player. Lost or stolen Mystery Bounty prize vouchers will not be replaced.

"Mystery" Bounty prize amounts will be determined based on actual Tournament Entry Fees received and displayed in the Tournament area prior to the beginning of the Tournament restart on Day 2.

"Mystery" Bounty prizes will range in value from $500 to $100,000 and may include the following prizes:

Sample Prize Values for the "Mystery Bounty" Prizes

$100,000 $50,000 $25,000 $10,000 $5,000 $2,500 $1,000 $500

The Mystery Bounty Prize Values and number of prizes are based on a minimum total Tournament Prize pool of $1,000,000 and is subject to change based upon the actual number of participants.

The "Mystery" Bounty prize pool and prize amounts may not be altered.

All Tournament and "Mystery" Bounty prizes will be paid in Wynn Las Vegas live casino chips.

"Mystery" Bounty prizes may be redeemed at the designated redemption area anytime during play on December 21, 2026, up until the Tournament has concluded. All eliminated players must redeem any earned "Mystery" bounty prizes prior to collecting their tournament payout.

"Mystery" Bounty prizes that have not been claimed by "Mystery" Bounty winners within the allotted timeframe will be drawn for in alphabetical order by last name, by Tournament staff, and held on account at the Encore at Wynn Las Vegas casino cage for thirty (30) days following the conclusion of the Tournament. If a "Mystery" Bounty prize is not claimed after thirty (30) days, the unclaimed "Mystery" Bounty prize will be forfeited and not awarded to an alternate winner.

In the event that one or more of the "bonus" envelopes have not been drawn at the conclusion of Day 2, all remaining bonus "Mystery" Bounty prize envelopes will be awarded to the player who is declared the winner of the Tournament.

In the event that the number of envelopes at the conclusion of the Tournament is incorrect, every effort will be made to determine which prize(s) is outstanding based on the prize list published at the beginning of play on December 21, 2026.

While the tournament staff will make the best effort to identify players as they achieve the Milestone, it is the responsibility of each individual entrant to notify the dealer or Tournament Supervisor when they have reached 180,000 in tournament chips.

A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 180,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.

- The Action Clock will be put into play at the start of Day 3.
- While the Action Clock is in play, players must keep chips in stacks of 20, whenever possible.
- The Action Clock will be controlled by the dealer. Dealers will start the Action Clock following the completion of each deal once the last card has been dealt. When players act in turn, the Action Clock will be reset, with each player receiving a fresh clock to begin their action, as outlined below.

WPT Main Tour	Pre-Flop	Post-Flop
Upon Implementation	15 seconds	30 seconds
Start of Day 4	20 seconds	20 seconds
Final Table	30 seconds	30 seconds

- When a bet or raise has been made, the dealer will first count the bet or raise size (including all in), announce the amount, and then start the clock for the next action. If a player calls the bet, the dealer will reset the clock to begin the next player's action. If the player raises the bet, the dealer will count the full amount and then reset the clock for the next player.
- Pre-Flop: A player will receive 15, 20 or 30 seconds for their initial pre-flop decision, as outlined in the table above. If action returns to that same player after they have voluntarily committed chips to the pot, they will receive 30 seconds to make their subsequent decision. Posting the small blind or big blind does not count as voluntarily committing chips for the purposes of this rule.
- When players receive 15 or 20 seconds to act, dealers will not advise players when the Action Clock reaches 10 seconds.
- When players receive 30 seconds to act, dealers will advise players when the Action Clock reaches 10 seconds.
- To begin play in the Action Clock portion of the tournament, each player will receive time-extension chips. Each time-extension chip is worth a 30-second addition to a player's action.

WPT Main Tour	Number of Time Extension Chips (Per Player)
Upon Implementation	Five (5) time-extension chips, per player
First scheduled Break after the "money"	Five (5) time-extension chips, per player
Start of Day 4	Five (5) time-extension chips, per player
Start of Day 5	Five (5) time-extension chips, per player
Final Table (of 6 players)	Five (5) time-extension chips, per player

- Players are required to keep their time-extension chips visible at all times.
- At the conclusion of play each day, any unused time extension chips will be placed in the players' tournament chip bag and will carry over to the next tournament day. Time extensions are to be treated with the same level of importance as tournament chips, and removal of time extensions may be subject to penalty up to and including disqualification. If a player does not use any of their time chips and reaches the final table, they will be limited to a maximum of 20 time-extension chips.
- The Action Clock is considered to have "expired" at the exact instant the displayed time reaches 0 — no earlier and no later. If the Action Clock expires for a player who has a remaining time-extension chip, one time-extension chip is automatically used and the player's Action Clock is immediately extended by an additional 30 seconds. The dealer does not physically collect the time-extension chip(s) used until the end of the player's action for that street (pre-flop, flop, turn, river). If the Action Clock expires for a player who does not have any time-extension chips remaining, they will be (a) forced to check if there is no bet pending or (b) fold if facing a bet or a raise.
- The Action Clock will never be paused unless there is an extreme situation that calls for play to be halted.
- If a player voluntarily puts multiple time-extension chips into the pot while still thinking, the dealer is to immediately add that amount of time to the clock. Those time chips have been used even if the player acts with time remaining on the clock. No time-extension chips will be refunded.
